

Pabay Philatelic News Issue 33

These new Pabay stamps and First Day Cover have been issued to celebrate 20 years (16th November 1993) of the IOSF International Otter Survival Fund-<http://www.otter.org>

Situated in the village of Broadford just 2¼ from Pabay the IOSF have devoted these years to assisting, on a world -wide basis, the interests of Otters. Needless to say Pabay is a haven for these fascinating creatures and otter surveys have been carried out on Pabay on a number of occasions.

The International Otter Survival Fund (IOSF) is one of the world's leading otter charities. In the UK IOSF is the only charity solely dedicated to the conservation, protection and care of otters based on 20 years of scientific research in the UK and around the world. Otter numbers in the UK have increased slightly in recent years but the Eurasian otter is still classed as "Vulnerable" in the Red Data List. Through education, research, influencing policy and partner working the IOSF is making progress but there is still much to be done here in the UK and other countries where otters are at risk.
