

pabay philatelic news 39 Dec. 2015

Here is the new Pabay issue for Winter 2015. On this exciting First Day Cover you can see all the new stamps that have been issued.

This is Nigel Smith the proud owner of Seaprobe Atlantis and two other boats that are based at Kyle of Lochalsh. He lived on the Island of Pabay from 1971 to 1982 and when he was younger he had to cross the sometimes treacherous waters to attend school in Broadford, sometimes the Outboard Motor would fail and he would be forced to row over the choppy waters! Nigel has built up his business into a thriving enterprise over the last 18 years.

The current Pabay issue shows the Seaprobe Atlantis on the Smiler stamps and the Fast Rib called the Wild Spirit on the Pabay stamp.

Seaprobe Atlantis has a glass bottom enabling passengers to see the wonders of the waters below the sea of the Inner Sound and enjoy the spectacular scenery. The Spirit of Adventure Is used for Sea Angling trips to catch some of the many fish that abound in these waters including skate, thorn black ray, conger, tope, cod, pollock, saithe, mackerel, ling and wrasse. The Wild Spirit fast rib is mainly used for Sea Eagle Safari and Dolphin watching. Three pairs of Sea Eagles have often been seen majestically flying over Pabay on a daily basis. Some of the Pabay wild life makes a tasty dish!

All the craft are docked at Kyleakin Harbour on Skye, tickets can be purchased through the websites, directly on the Boats or at the office at Kyle. You can find all the latest information on the web site <http://www.seaprobeatlantis.com/>

Whatever else you do during your visit to Skye a trip or expedition on one of Nigel's boats is a must!
